Look for the label in fresh, chilled, frozen, canned, supplement, and pet aisles

SEE THE LABEL, KNOW YOU'RE GOOD

When you see the MSC blue fish label on your product, it means:

Good for you and the ocean too
You're supporting environmentally sustainable fishing practices.

Strict standards
Fished from healthy populations, and minimizes impact on surrounding marine life.

Looked after
Seafood is tracked and recorded throughout the supply chain from the fishery to the shelf.

Wild-caught
It's fished from the ocean, lakes, or rivers from wild fish and shellfish populations.

LOOK FOR THE LABEL IN FRESH, CHILLED, FROZEN, CANNED, SUPPLEMENT, AND PET AISLES

¹ As of September 2026

² 2025 – 26 MSC annual report

90% of US fisheries are engaged in the MSC program¹

62 US MSC certified species¹

**YOUR PURCHASES OF MSC
CERTIFIED PRODUCTS SUPPORT:**

675 improvements made by MSC certified fisheries around the globe in the last three years²

\$12 MILLION awarded to fund projects that help us understand and improve what's going on under the surface of the ocean²

Choose sustainably fished seafood.

When you choose wild, MSC certified seafood, you're helping support a healthier ocean for the future.
